

Certificate of Achievement

Presented to

Ricciardi Technologies, Inc

For outstanding support and service to the Product Manager, Biological Detection from June 2002 through June 2003. The professionalism and dedication displayed by RTI's employees helped enable the Product Manager to provide the best biological detection capability for our Joint Forces, the Nation, and the citizens around the world. The technical expertise provided during Operations Iraqi Freedom and Enduring Freedom, Homeland Defense deployments, multiple fieldings, system tests and demonstrations proved invaluable to the organization. RTI's diligence in service and devotion to detail reflect highly upon the Joint Program Executive Office for Chemical and Biological Defense, the Department of the Army, and the Department of Defense.
